Irish Sea Crossing “on Foot” in support of WBA and RNLI

This summer I will attempt to “walk” across the Irish Sea on a unique human powered raft to raise funds for the **Wiltshire Blind Association** and the **RNLI**.

This challenge will require me to power the paddlewheel raft, non-stop, across **66 miles of open sea**, which I estimate will take around **40 to 48 hours**, and will require the consumption of around **30,000 Calories**. I estimate that it will be like running roughly **10 back-to-back marathons**.

This is my toughest challenge yet. If you would like to support my efforts then please sponsor me now and help both organisations continue to provide their services to those who need them.

Thank you for your support.....Chris Todd.
